

BLACKHALL STUDIOS

Situated minutes from Atlanta's most creative and affluent communities, Blackhall Studios is purpose-built for the most demanding blockbuster movie productions.

Blackhall Studios consists of the following:

- Nine sound stages ranging from 20k to 40k sq. ft. with ceiling heights of 40 feet
- Ample spacing between stages to allow for multiple rows of cast, crew and equipment parking
- More than 575,000 sq. ft. of millwork, special effects and storage space
- More than 850,000 sq. ft. under roof across nearly 150 acres

BLACKHALL STUDIOS

Blackhall Studios is the largest purpose-built studio in metro Atlanta and is located less than 10 miles from Atlanta Hartsfield-Jackson International Airport, with hourly flights to and from major cities like Los Angeles and New York, and eight miles from downtown Atlanta. Luxury accommodations, such as the Ritz-Carlton, Four Seasons and St. Regis, along with award-winning restaurants and high-end shopping destinations, are all located within 20 minutes of the studio.
